

Stacy Ruiz Lighting Designer

Happy Pendant, Small, low voltage

Dimensions*: 4.5" Ø, 4.5" H
Materials: glass, metal
Product weight*: 2.5 lbs
Light source: bi-pin base G4 socket
Lamping: G4 base, halogen lamp, 12V, 20 W max
Round canopy with fast jack connector
Canopy dimensions: 4.3" Ø, 0.4"
Low voltage conductive suspension cable
Field adjustable drop length: 0'6" min - 8'0" max
Canopy and suspension finish matches Metal Finish
Suitable for sloped ceilings
ETL

amber (GL-126)	126

Metal Finish

satin nickel	SN
dark bronze	BZ

Lamping

20 W halogen bi-pin bulb included	HA
-----------------------------------	-----------

Canopies

No Canopy or transformer (includes male freejack connector)	N
Round with 120 V AC input voltage transformer ELV dimmable	T1
Round with 240 V AC input voltage transformer ELV dimmable	T2
Round with 277 V AC input voltage transformer ELV dimmable	T3

satin nickel

dark bronze

clear

opaline

aubergine

steel blue

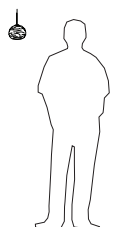

steel grey

amber

The small Happy pendant plays with the reflective and malleable qualities of glass. This line consists of heavy thick-walled pieces, which are hand manipulated to create a creased and singularly individual form for each piece. The works are either blown in solid clear crystal or use the Italian technique of 'sommerso' or encased color. The happy series takes advantage of the thickness and brilliance of our crystal to create a light with unending refractions. Hand blown and shaped in lead free crystal. No molds are used, and each glass shape is unique. Designed and made by Siemon & Salazar in California. Signed.

* Each piece of hand-blown glass is a unique work of art. Dimensions, weight, and color will vary. When multiple fixtures are installed next to each other, expect some variation in shape and color.
