2700 K LED	27
3000 K LED	30
Lamping	
G8 Bi-pin LED Bulb	G8

* Each piece of hand-made glass is a unique work of art. Dimensions, weight, and color will vary. When multiple fixtures are installed next to each other, expect some variation in shape and color.

** Alternate voltages are available upon request.

The moonlight embraces the optics created by the thickness of the glass and the intricacies of encased air bubbles. We designed this hardware as a clean and modern way to hold and illuminate multiple glass shapes. These LED fixtures with driver included can be mounted to the wall or ceiling in groupings or alone. Hand blown and shaped in lead free crystal. No molds are used, and each glass shape is unique.

clear bubble (GL-236)

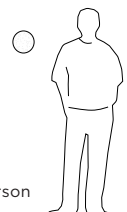

black (CM-030)

satin nickel (CM-006)

white (CM-126)
